Security is everyone's business

Whether you're a corporate CEO, a small business owner or a head of household, security is your business. That's why GE offers so many security solutions to meet the widest range of needs. No matter what line of business you're in, GE is the smart choice.

From home to industry to national security, GE Security covers the full spectrum of security and detection systems solutions, including high-tech video monitoring, Web-based surveillance systems, access control, explosives and narcotics detection, fire alarm and life safety, residential and commercial intrusion detection.

What's more, GE offers something that's hard to put a value on: the confidence that comes from working with one of the world's most respected companies, one that has been creating new technologies and making lives better for more than 125 years.
